EARL E. MAY SEED COMPANY, SHENANDOAH, IOWA

Our reputation AS BULB IS NATION WIDE

Earl May's Choice Selections of
Bulbs, Plants and Shrubs for Fall
Planting.

**FINEST VARIETIES—LOW IN
PRICE — HIGH IN QUALITY**

Dear Flower Friends:

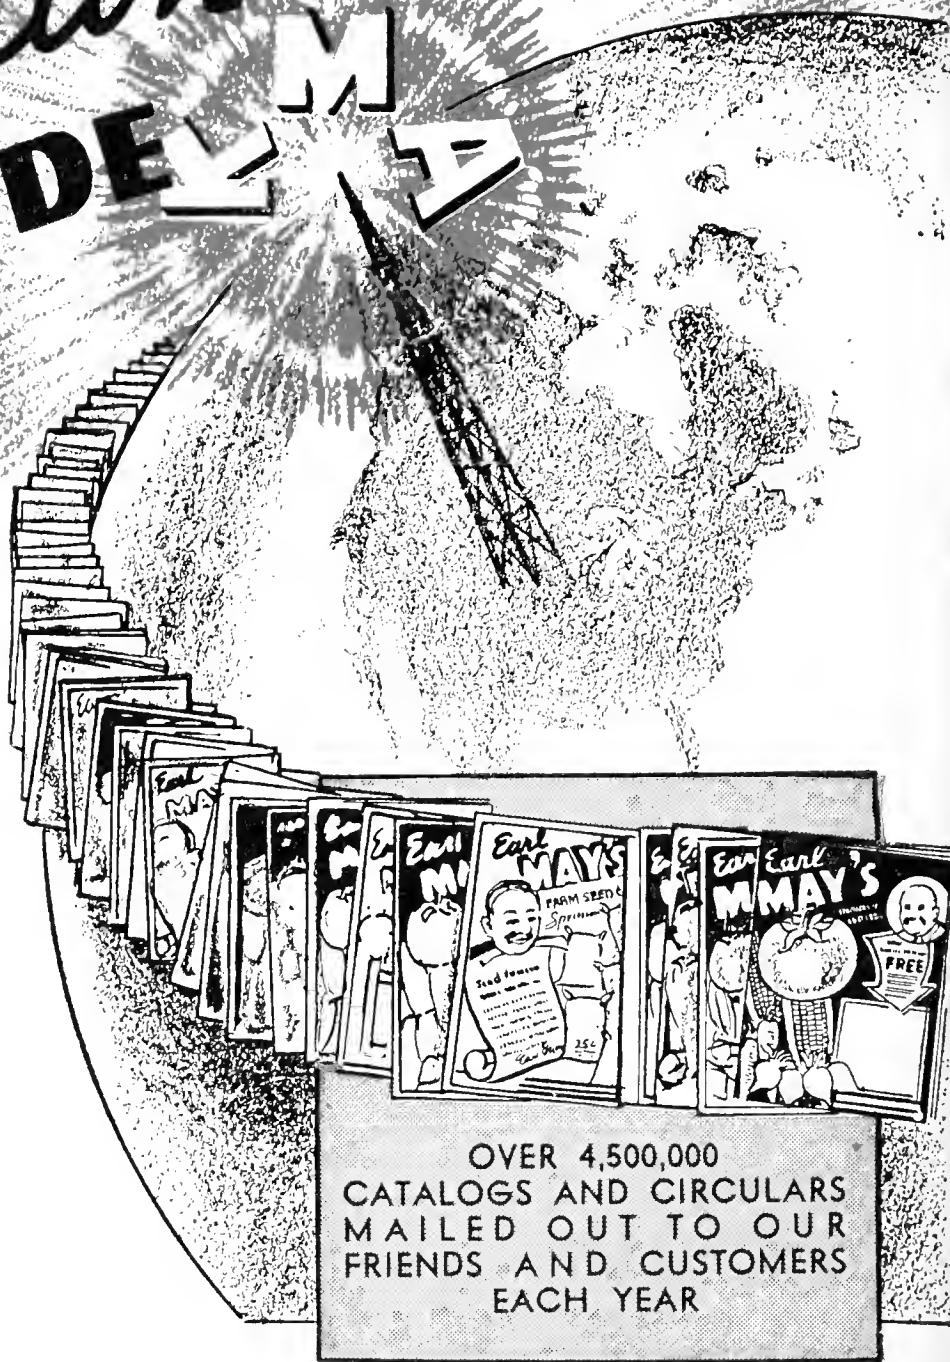

Tulips and Peonies are two great color flowers for Springtime. Both bloomed gorgeously the past Spring. Thousands of people pledged themselves to plant this Fall sure. Our reputation as Bulb and Peony specialists is Nation wide. I personally pledge you the best in Tulips and Peonies. A bulb planting of 100 up to 1,000 makes a grand showing in the Springtime.

I have selected the very finest extra large bulbs and you will find many of the choicest, newer varieties. The Tulips were certainly lovely last Spring and I don't know when I have seen them bloom any finer. I have over 2,000 out at the house and they made an array of color from the first of May clear up until almost the middle of June.

This is Jessie Susanka Young who visits with you at 9:15 and has for years, and Edythe Stirlin, KMA's Little Minister. They are admiring the Tulips in our own yard. E.E.M.

This picture is a front view of our house. Mrs. May is at the extreme right. She is showing the flower folks connected with us the large beautiful named varieties of Tulips.

I am convinced that Tulips are one of the finest flowers you can plant. They bloom in all their color and splendor year after year. At these special low prices, I am sure everyone can have them.

Prices are lower this Fall than they have been for many years. The bulbs I offer you are my same high quality, first class bulbs in every respect and guaranteed to give you satisfactory results or your money will be refunded.

The beauty of your garden next spring depends a good deal on what you plant this Fall. Tulips, Daffodils, Hyacinths, Crocus, Snow Drops, Scillas and many of the others must be planted in the Fall in order to enjoy their lovely blooms next Spring. Nearly all of these bulbs are ready for delivery in September and all of these hardy varieties can be planted any time from then on until the ground freezes hard. **They are easy to grow; anyone can grow them and they bloom year after year.**

Earl E. May

AND PEONY SPECIALISTS

EARL MAY'S IRON CLAD GUARANTEE

I import only the very finest Tulip bulbs direct from Holland where the finest Tulips in all the world are grown. That's why I can absolutely guarantee that you will be satisfied with these bulbs. Every Tulip guaranteed **true to name, to grow and a bloom in every bulb.**

Earl May Pays the Postage on Everything in This Catalog.

All bulbs, plants and shrubs in this catalog, will be delivered to you by parcel post or express prepaid.

Order Early

Your orders will be shipped in the order they are received, and will be given careful, prompt attention. I send you only the very finest stock. We will start shipping tulip bulbs as soon as the Holland shipment arrives, which is about September 15th. Iris, immediately just as soon as your order arrives. Peonies about September 15th. Shrubs, October 20th or just as soon as they are fully matured.

How to Plant

With each and every order, I send you complete planting instructions telling all about how, where and when to plant all of these bulbs, peonies, iris, and shrubs. Tulips will grow and bloom nicely in any good garden soil. Spade the soil deep. It should be spaded from 4 to 5 inches deeper than you set the bulbs. For instance, planting Tulips 5 to 6 inches deep, the ground should be spaded not less than 10 inches deep. This insures good drainage which is very important to successful blooms. Write for this planting leaflet. It's free for the asking. It's sent free with every order, too.

These pictures were taken at Pella, Iowa. Mr. and Mrs. George Sadler are good friends of ours. Mr. Sadler is lighting the long Dutch pipe that he bought and brought back from Holland.

MRS. MAY and I attended the Tulip Festival at Pella, Iowa, and broadcast the Festival over station KMA. No doubt a lot of you folks heard our broadcast. At Pella, this little Dutch Settlement, they have about a million Tulip bulbs planted and they dress up in their native Dutch costumes, like these folks, and everybody has a fine time. Tulips, hundreds of varieties and every color.

We certainly enjoyed ourselves. Mrs. May and I met a lot of mighty fine people, many of them old timers that came to this country when they were just boys and girls. We had a lot of fun broadcasting the Festival and I hope we can go back next year. These folks really know their Tulips. They don't grow them in tens and dozens, but in hundreds and even thousands. That's when they are really beautiful. If you ever get a chance to see this thriving Dutch town in Tulip time, don't miss it. Make a good big planting of 100 bulbs or so of your own, too, this Fall. You'll enjoy them.

It's nearly everblooming. You can have your choice of either of these fine varieties on any bulb order as indicated above. I know you will like them. They are real gems, both of them.

TALL STEMMED

GIANT DARWIN TULIPS

These long stemmed Giant flowering Darwins are favorites the world over.

PLANT THIS FALL, BLOOM NEXT SPRING.

Darwins are the beautiful, long, tall, 26 to 32 inches, stemmed, cup-shaped and cup-sized flowers. Tulips that bloom in early May. Plant them in beds, borders or among the shrubs. They are free flowering and mighty dependable. They have every color from brilliant crimson and black to lavender, pink and white.

BARTIGON. Rich fiery red, very showy. One of the leading reds.

BARON DE LA TONNAYE. Beautiful full rose shaded blush. Fine long flower.

CHERRY. Soft rose. Harmonizing blend of beautiful pink.

CLARA BUTT. Pleasing shade of soft delicate pink flushed salmon rose.

FARNCOMBE SANDERS. Rich scarlet with rose tints and white center marked blue. See picture on front cover.

KING HAROLD. Crimson-maroon on a blue base. Unusual large flower. See picture on front cover.

LA TULIPE NOIRE. (The Black Tulip). Very dark, velvety maroon-black. Flowers are of perfect form.

INGLESCOMBE YELLOW. Glossy canary yellow, light stamens. See picture on the front cover.

MRS. MOON. (Darwin type). Large clear canary yellow, long pointed reflexed petals.

PRIDE OF HAARLEM. Carmine red, large and stately. Very popular.

PRINCESS ELIZABETH. Vivid rosy pink, with white base. See picture on the front cover.

REV. H. EWBANK. Deep lilac with pale lavender edges. See picture on front cover.

SNOWDRIFT. Large pure white flower, brings out the other colors. See picture on front cover.

WM. PITT. Deep brilliant scarlet tinged darker on outer petals.

SUPER GIANT DARWIN TULIPS

There Are None Finer Anywhere

I have gathered together in this group the very finest, newer better varieties, real prize winners, all of them; big tall stately stems with huge flowers of brilliant colors. There are no finer tulips than these. Mrs. May and I visited the Pella Tulip Tournament and some of these tulips are varieties exhibited at this tournament. My, I could just talk on and on about tulips. I believe they make a finer show and add more color to your home garden than anything you can plant. These varieties I have listed here are the very best. I know because I have seen them grow and bloom.

AFTERGLOW. Soft apricot and orange tinted pink with lighter edge. Glory of setting sun. 5 for 35c; 10 for 60c; 25 for \$1.25; 100 for \$4.75.

How to make a Tulip Bed with 100 bulbs, 200 bulbs, or 500 bulbs

Just dig up a plot of ground 5 feet square. This will take care of 100 bulbs nicely. Better place a little sand in the bottom if you have it. Use the tulip fertilizer which we send free to add extra size to your flowers. Just set the top of the bulb 4 or 5 inches below the surface and about six inches apart. A bed like this will make you a mass of beautiful color that you will be proud of in the Spring. I plant my tulips around the borders of the shrubs, along the side of the house, and out in the parking along the barberry hedge. You can always find odd places among your shrubs to put out tulips. A plot of ground 7 feet square will take care of 200 bulbs. A plot of ground 11 feet square will plant 500 tulip bulbs.

BREEDER TULIPS

Largest of All Tulips, Late Blooming, Long Stems, Remarkable Colors . .

Truly called the aristocrats of the tulip family. Heavy tall strong stems, giant blooms with thick velvety petals. Comes in colors of rich purple, old gold, brown, violet, buff and maroon. They bloom in May, just a few days later than the Darwin and Cottage tulips. No planting is complete without some of these splendid tulips.

APRICOT. Rich apricot, edged bronze-buff tinted deep rose.

BACCHUS. Deep plum purple color. Long stout erect stems.

LOUIS XIV. Rich purple, edged golden bronze. Outstanding.

INDIAN CHIEF. Coppery red flushed purple.

PANORAMA. Beautiful orange red, shaded with mahogany.

FEU ARDENT. Glossy, mahogany red. Very striking color.

PRINCE OF ORANGE. Bright terra cotta orange. Very fine.

BUTTERFLY. Lovely, glistening orange-red. Yellow edged.

May Flowering Cottage TULIPS

The Cottage tulips are very similar to the Darwins with the exception that more of the varieties are inclined to have pointed petals; they bloom just a few days later than the Darwin Tulips and come in clear, brighter colors not found in the Darwins. Called Cottage because so many of them were found planted around the cottages of England. They come in richer and more delicate artistic shades. Excellent for cutting and especially fine for garden decoration.

DIDO. Orange rose with bright orange yellow edges. Extra large.

GRENADIER. Rich dazzling orange scarlet.

MARJORIE BOWEN. Salmon with an orange rose shading. Very beautiful.

AMBROSIA. Salmon orange tinted rosy lilac.

MOONLIGHT. Bright sulphur yellow, elongated flowers.

THE MARVEL. Large, orange red. Sweet scented.

Scilla Campanulata

Fritillaria

ANGEL'S TEARS
(Triandrus Albus)

BLUE SQUILLS. (Scilla Siberica). Grow in clumps, stems 5 to 7 inches high. A very lovely flower that does especially well in shaded flower borders, full sun or odd corners. Just a mass of blue in early spring.

SCILLA CAMPANULATA. Spikes 15 inches high, loaded with blooms. A beautiful graceful flower. Graceful spikes with bell-shaped drooping flowers. You can have any of these colors:

Blue Rose Queen (Pink) White
FRITILLARIA. (Meleagris). Grows 15 to 18 inches high. Here is something entirely new and different. The quite large bell-shaped blooms are curiously marked in contrasting colors, perfectly hardy and they do best in semi-shade.

GLORY OF THE SNOW. (Chionodoxa). Blooms very early, spikes 8 to 10 inches tall. A lovely lavender spring flower for borders or rockery. Their early appearance tells us winter is past. Perfectly hardy and should be planted in masses for best show.

SNOWDROPS. Stems 6 to 9 inches tall. Everybody knows the Snowdrops with their white bells coming through the snow; practically the first flower to show itself in the spring. Should be in every garden planting.

WINTER BUTTERCUP. (Eranthis). Grows 5 to 6 inches tall. Lovely golden yellow flowers. They make their appearance in early spring. A striking contrast, when combined with Snowdrops and Scillas. They do especially well under trees and in the Rock Garden.

GRAPE HYACINTH. (Muscaria). Showy flowers, 5 to 7 inches tall. Perfectly hardy in sun or shade. Blooms early, and for a long time. A delicate blue flower that blooms more abundantly year after year.

BARGAINS in Hardy Garden Lilies

Candidum White Madonna

The most beautiful pure-white lily known. The pure white fragrant wax-like flowers come in large clusters on stems three to four feet tall, in June and July. Often 50 flowers to the bulb. Plant shallow, 2 inches deep. Extra Large Bulbs, 30c each; 4 for \$1.00; 12 for \$2.75, postpaid.

Rosy White Regal

America's most popular lily. Very hardy and easy to grow. Delightfully fragrant. Flowers pure white. Streaked on the outer surface with attractive coral pink. Truly a royal lily. Grows anywhere. June or July. Plant 9 inches deep. Fine Large 2 Yr. Blooming Size bulbs: 3 for 35c; 10 for \$1.00, postpaid.

Speciosum Rubrum Red and White Show

The real show lily. Its brilliant flowers of carmine and white will make a truly colorful spot in your garden. Flowers August and September. Plant 10 inches deep. Large bulbs. 30c each; 4 for \$1.00; 12 for \$2.75, postpaid.

Red Russian or Fire Lily

Reddish-orange with 6 to 30 flowers in clusters on one stem. Just a mass of blooms in early June. Plant 8 inches deep. Large Bulbs: 25c each; 5 for \$1.00; 12 for \$2.00, postpaid.

NEW PHILIPPINE LILY GREEN THROATED

Hardy Everblooming Easter Lily

Blooms from the middle of the summer on into fall. Extremely fragrant. See pictured in color, page 4. Plant 8 inches deep. Extra Large Bulbs: 30c each; 5 for \$1.00; 12 for \$2.00, postpaid.

Tenuifolium or Orange Scarlet Coral Lily

You'll like this delicate, small-flowered lily. Very hardy. A beautiful orange-scarlet in color. Grows 18 inches high, blooming in June and July. Plant about 6 inches deep. Large Bulbs: 25c each; 5 for \$1.00; 12 for \$2.00, postpaid.

Purple Martagon or Turk's Cap Lily

Here's a new lily for your garden. A beautiful purple lily from old Scotland especially adapted to America. The tall, strong stems bear many beautiful purple wax-like flowers. Will grow in any soil. Plant only 4 inches deep. Large Bulbs: 35c each; 3 for \$1.00; 6 for \$1.85; 12 for \$3.00, postpaid.

Henryi or Yellow Show Lily

From the mountains of Central China comes this beautiful orange-yellow show lily. It thrives in any soil, giving you many beautiful golden blooms on tall, strong stems in July and August. Plant 10 inches deep. Large Bulbs: 25c each; 5 for \$1.00; 12 for \$2.00, postpaid.

Brown and Purple Double Tiger Lily

One of the most beautiful and easiest of all lilies to grow. Brilliant orange-red spotted with purple. The unusual double flowers make it one of the most beautiful garden lilies. Blooms in September. Plant 9 inches deep. Large Bulbs: 3 for 35c; 10 for \$1.00, postpaid.

Earl May's PEONIES

Largest Flowers—Best Varieties—Prize Winners

It is not unusual for you to get large flowers 8 to 9 inches across in these newer and better varieties. These good peonies cost you no more than common ordinary sorts. My reputation for good peonies is nation-wide.

HIGHEST RATING In All America

Among these splendid peonies you will find some of the highest rating peonies in the country. When these bloom for you they will be the sensation of your neighborhood. In the official rating system 9.5 and up is practically perfect, 9.0 to 9.5 is extra fine, 8.5 to 9.0 is extra good, 8.0 to 8.5 is good. We put the rating on each peony so you can see what the National Peony Society thinks of these varieties I offer you.

LOWEST PRICES on Great Big, Vigorous Grow- ing, 3 Yr. Old Roots

Order now. We will ship to you from September 15 clear down until freezing weather. Mulch newly planted roots the first season so they will not heave out of the ground by alternate freezing and thawing.

ALL THESE PEONIES ARE LARGE AND DOUBLE

ALSACE-LORRAINE. 8.8. Late; white with the center tinted cream and buff.

BARONESS SCHROEDER. 9.0. Late. I consider this one of the finest white ones. The bud is delicately blushed.

IMPERIAL JAPANESE RED. 8.6. A dazzling brilliant royal red single peony originated in the Emperor's garden in Japan.

LONGFELLOW. 9.0. Midseason; vivid cherry crimson which does not fade.

MARIE CROUSSE. 8.9. Midseason. A rosy shade of salmon.

MARY BRAND. 8.7. Another prize winner. Midseason. Large, dark clear crimson. One of the famous Brand peonies.

MME. JULES DESSERT. 9.4. Midseason. A large white flower overlaid with delicate tints of pink and buff. Peony lovers consider this one of the very best. Blooms freely on strong stems.

RICHARD CARVEL. 8.8. Very early. The best early bright crimson red.

SARAH BERNHARDT. 9.0. Late; extra large; blooms of deep clear apple blossom pink, each petal tipped with silver. Strong growing, fragrant and free blooming.

TOURANGELLE. 9.4. Late. Large blooms of pearl overlaid with delicate shades of pink and salmon. One of the most beautiful peonies grown today.

OF MAY'S SEEDLESS

RHUBARB

I am growing this special strain of Rhubarb on my own farm and I want to tell you that in the last several years of growing it, we have never found a seed stalk in the whole patch. This means that you get more stalks of fresh, succulent juicy Rhubarb because the plant does not spend its time and vitality in trying to develop a seed crop. We grow it only from root divisions. I know you will like it very very much.

20c each, 3 for 50c, 6 for 85c, 12 for \$1.50
25 for \$2.85, 100 for \$10.00, all PREPAID.

Old Fashioned BLEEDING HEART

Hundreds of flowers on each bush. Grows like a peony. Its graceful drooping branches are filled with heart-shaped crimson flowers in May. Blooms most profusely in partial shade. I offer only the large clumpy big 2 yr. old strong roots. Plant this fall for flowers next spring.

30c each, 4 for \$1.00

POSTPAID

Winter Hardy

SHRUBS

FOR FALL PLANTING

These shrubs have all made heavy growth this year and will be ready to mail to you about October 15th to 20th, when they are fully mature. They are properly trimmed to give you successful growth. Be sure you tamp them firmly in the ground when you set them out and water well. These are all winter hardy and will give you lots of top growth next spring after making a heavy root growth this fall.

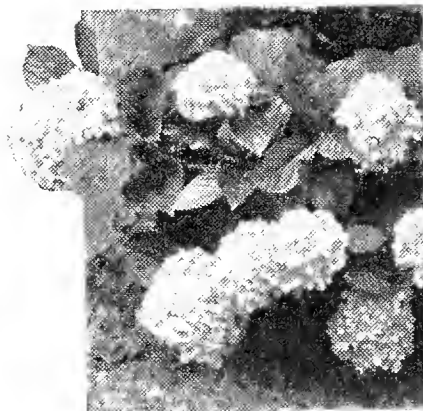

Strong, 3-yr., 18-24 in. size, YOUR CHOICE 4 for 85¢ POST-PAID

Less than 4 at 25c EACH; 12 or more, \$2.40 PER DOZEN, POSTPAID.

JAPANESE BARBERRY. Does not carry rust. This is the popular green leaved kind which is extremely desirable for hedging.

OLD FASHIONED BRIDAL WREATH or SPIREA VAN HOUTTE. This is a great flowering shrub for every location. Good for the foundation, shrub borders, mixed with Evergreens or shade trees, and perhaps our most popular hedging. It is extra hardy and always dependable. Its long branches bend with white blooms.

Hydrangea A. G.

Strong, 3-yr., 18-24 in. size, YOUR CHOICE 4 for \$1.50 POST-PAID

Less than 4, at 40c EACH; 12 or more, \$4.00 PER DOZEN, POST-PAID.

SPIREA ANTHONY WATERER (The red dwarf Spirea). A compact bushy specimen shrub blooming all summer the first year and is extra hardy, lasting year after year.

GOLDEN ELDER. The canary yellow foliage adds color to any

garden. A vigorous grower with white flowers.

HYDRANGEA A. G. This is the Snowball Hydrangea, blooming in June. Always blooms the first June after planting.

HYDRANGEA P. G. The August blooming Hydrangea. The flowers come out white, turn pink, then bronze and are excellent for winter bouquets. These have extra long panicles of bloom.

ROUEN LILAC. The small leaved, heavy flowering lilac. The flowers are purplish red. Unlike the common variety of lilac it does not sucker.

JAP. QUINCE. The beautifully red flowered early blooming fire bush. It is literally covered with orange-red flowers. Plant in a protected spot to get the most flowers early.

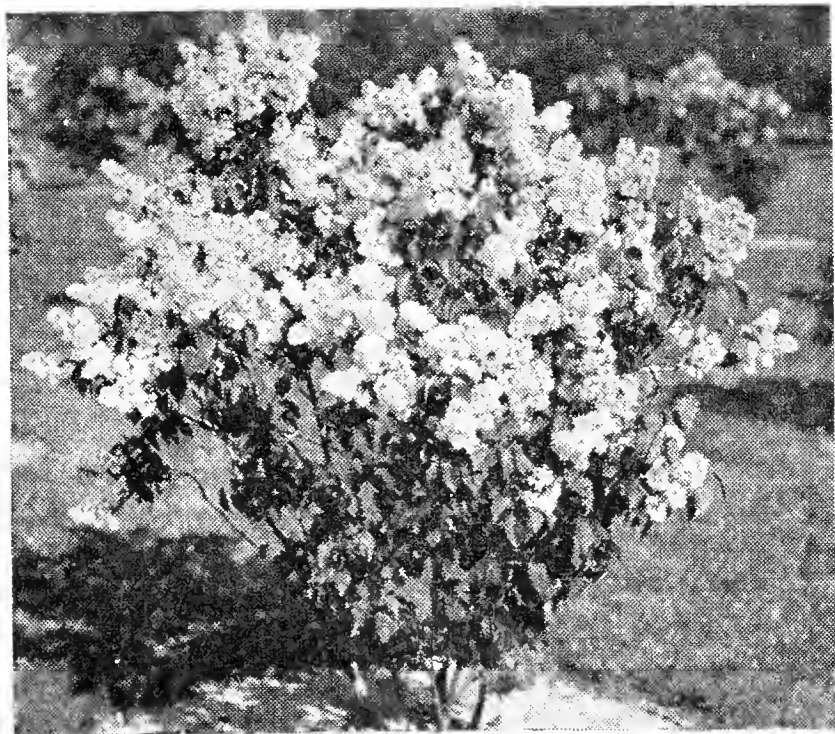

OLD FASHIONED SNOWBALL. The popular hardy bush covered with snowball-like white flowers in May. My Snowball bush this year had over 5000 blooms on it. It is extra hardy, too.

VIRGINAL SYRINGA. Fragrant double white flowers make this my choice of all the hardy bush mock oranges.

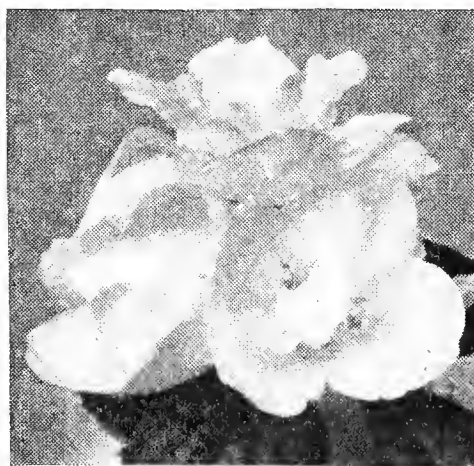

TAMARIX HISPIDA. The best flowering of all the Tamarix. Its finely cut silver foliage and its rich pink flowers and bushy habit of growth make it a favorite of everyone.

Beautiful
**GREEN
LAWNS**

Deep Rooted

"This is my lawn. It was made with Maypark Mixture several years ago and is still going strong."

Some of the finest lawns I've ever seen have been from Fall seedings. The lawn in my yard, which you can see in this picture, was started from a Fall seeding in the Fall of 1935. In the Spring and Summer of 1936, I had a fine lawn and it is getting better every year. This was seeded with my Maypark Mixture.

SEED THIS FALL

I like Fall seedings for these reasons: Most lawn weeds start in May and June. This is especially true of Crab Grass, the worst of all lawn pests. When you work up your soil in the Fall, some of the Crab Grass stolons may come to the top of the surface but they will make very little growth and are killed by the first frost. It is just the nature of any grass plant to stool as the winter season approaches and you will find Fall seedings spread out a lot more and sod faster. It is just the nature of these grasses to try and prepare for winter. Then, too, there is always plenty of time to prepare the ground and get the lawn seeded in the Fall.

I know a lot of you folks intend to reseed your lawn this Fall and you will not be disappointed. My grass seed is clean, new crop, extra heavy seed, every lot carefully tested for good strong germination on which you can depend.

HOW MUCH TO SOW

For new lawns, sow one pound of seed for every 200 square feet. To thicken up old lawns, sow one pound to every 400 square feet.

Feed your lawn with fertilizer. Seed your lawn with good seed. Write for my lawn making leaflet. It's free.

TIME TO SOW

For Fall seeding, any time after the last of August, even as late as the first part of November, but the earlier the better.

Easy
**TO MAKE
SOW THIS
FALL**

FINEST QUALITY

My Maypark Mixture is a blend of the finest adapted grasses for the Central West. It is especially prepared from the highest quality grass seed that can be produced. Only the very best, fine-leaved, deep-rooted, suitable grasses are used. It contains a plentiful supply of good, heavy-weight Kentucky Blue Grass, White Dutch Clover and other quick-growing grasses. Maypark Mixture gives you a lawn the first year as well as going right ahead with those good permanent grasses and preparing for seasons to come.

Vigorous Growing·Drouth Resisting

A good lawn of beautiful green grass makes all the rest of your planting look more attractive.

GRASSES

KENTUCKY BLUE GRASS Extra Heavy—Strongest Growing. Kentucky Blue Grass is the real backbone to all lawn grass mixtures. This Kentucky Blue Grass I'm offering you is as fine a quality as I have ever seen. It is seed from our own territory. Pure, clean seed, plump berries, properly cured and of good, strong germination. This grass will give you a fine stand of thick, deep-rooted, fine-bladed grass that makes the best lawn of all.

1 pound	30c	5 pounds	\$1.15
3 pounds	75c	10 pounds	\$2.00

ALL POSTPAID

WHITE DUTCH CLOVER. White Dutch Clover is the little 3 and 4 leafed clover, the finest of all for lawns. It is deep-rooted, stands drouth well and it will stay green when other grasses dry up. White Dutch Clover is included in all good lawn grass mixtures and is just the thing for those thin, bare spots where the lawn seems to have trouble getting started. Makes a close, compact growth and covers the ground like a carpet. Quick growing and thrives on almost any soil.

1 pound	50c	5 pounds	\$2.25
3 pounds	\$1.40	10 pounds	\$4.00
